I thank you for the benefit I received from your advice and the Wine of Cardui I took in my terrible condition. My life was no pleasure to me at all and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.

Mrs. LIZZIE MANNELL. Womaniy health means bright cycs, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering Wine of Cardul made Mrs. Mannell "better look-

ing" and infinitely happier because it cured her of those terrible pains. But she is no exception.

WINE OF CARDU is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Wan faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the ravages of such disease. The snarp pains of failing of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.
